### CORE INSTALLATION

To correctly insert the Interchangeable Core into the lock housing, ① Check if the prongs inside the housing are in the horizontal position. If they are NOT then ② insert the Green Actuator to orient them to the ③ horizontal position. After they are aligned, ④ insert the core into the housing and turn the control key to the locked position.

#### GREEN ACTUATOR

(Sold Separately)

Delta Lock® maintains all interchangeable core keying systems. All key codes are property of Delta Lock® unless prior arrangements have been made.
